- 1860 LIMERICK. Halfpenny. 1691. James II. A superb piece, about as struck, with traces of original red coloring. This coin is interesting in that it is struck over a large size Gunmoney shilling of June, 1689, a date which is unrecorded. Both the month (Jun) and the denomination (XII) are clearly visible, and the year (1689) can be deciphered with little difficulty. While it is difficult to estimate the value of this rare piece, the cataloguer feels it should be worth something in excess of (150.00) PHOTO
